After 2 years of shows, « Don't Hold Back » EP listened & downloaded by hundreds of people, a home-made live recording video which reached more than 8k views on Youtube and 10k on Facebook, it was time for 112 Brass Band to lay down all of those musical & human adventures experienced among many french festivals : RDV de l'Erdre, Surgères Brass Festival, Saveurs Jazz Festival, La Boule Bleue, Le Son des Cuivres, Jazz aux Capuçins...

Old-school funk, organic hip-hop & new-orleans' rythms, always serving Edash Quata's flow and lyrics, Jonas Muel & Fabien D. are giving here a dense-sound album, mixing an irresistible sense of fun & and deep lyrics, hellish grooves given by the sousaphone-drums-keyboards trio, spicy horns riffs & totally wild solos ...

Definitely a stage-band, willingly taking some recepies from Youngblood Brass Band, The Roots or the french CQMD, 112 Brass Band have set yet their own sound, outcoming from 8 musicians collusion, met a long time ago, enforced by many experiences...

Lisa Spada, already guilty with Edash of several outstanding cooperations, offers a soulful breath to « Get Off It », hit-single to be, no doubt.
